AUDIO ENGINEER / STUDIO + LIVE PRODUCTION

PROFILE

SAE Audio Technology student with hands-on experience in studio recording, mixing, mastering, and live event production. Completed 200+ freelance projects across pop and hip-hop. Seeking an entry-level opportunity in live sound, studio assisting, or audio production.

EXPERIENCE

The Hooked Show | Nashville, TN

Live Event / Production Assistant • 2026-Present

- Support artist communication, event setup, guest check-in, and show-day logistics in a fast-paced live entertainment environment.
- Coordinate with artists and the production team to help maintain an organized event flow.

Freelance

Mixing & Mastering Engineer

- Completed 200+ mixing and mastering projects for independent artists and content creators.
- Delivered audio for albums, label releases, YouTube content, and exhibitions.
- Specialized in pop and hip-hop while managing revisions and client communication.

Freedom Music Label

Sound Engineer

- Set up microphones, stands, and studio equipment for recording sessions.
- Assisted lead engineers during tracking, sound design, and production work.
- Mixed and mastered pop and hip-hop tracks for independent artists, label releases, and online content.
- Organized and archived recorded sessions for efficient retrieval and handoff.
